ABOUT AGBOSS GROUP

Since 1991, AgBoss Australia has grown and thrived, being based in the Albury-Wodonga region it has always had a connection with the land and people that work the land.

The company has grown significantly in recent years, as we have continued to work extremely hard to build a quality range of products, whilst developing relationships within the agricultural merchandise community.

The agricultural industry has been through many challenging times recently, but we have always continued to support the industry by developing new and innovative products, along with providing great personal service.

We continue to build a wider range of products, specialising in the production and distribution of our own core range of quality agricultural and plastic products, including the Maxx, AgBoss, Vet-Tec, Puncture Shield and Kilsnot brands, along with the promotion and distribution of the Talon, Fasty brands.

The acquisition of Walk West in 2020 has added Milk Bar, Vaughan Irrigators and Equestrian products to our range, whilst enhancing manufacturing capabilities with the emphasis on bringing you more Australian Made products.

This growth has expanded our operations to a point where we have outgrown our current facility, the move to a much larger 8,000m² facility in south Albury will continue to support our growth plans for many years to come.

We will continue to develop, innovative, high quality products that are designed and made by us in Australia or sourced from selected overseas manufacturers, all produced to keep working, year after year.

Our commitment to you is to be a valuable supply partner for your business.

Farmers all over the country know from experience, the reliability and durability of our products, making them much better value than other inferior imports.

At AgBoss customer feedback is very important to us. Over the past 10 years this feedback has led to the continual development of our full range of products. And in the development of this range we have not swayed from our core principles.

Practical Products for Practical People.

RESPIRATORS

AgBoss Respirator | Disposable | P2

The AgBoss P2 Cup Face Mask filters out the fine particles in the air when worn correctly. They form a tight seal around the face and reduce the exposure to smoke/poor air quality and associated poor health effects. This mask is suited for agriculture, food processing, cement, dust, smoke, grinding & sanding to name a few.

- Adjustable mouldable nose clip and internal nose bridge
- Large filtering surface area provides low breathing resistance
- Soft non latex straps minimise irritation
- Traditional cup shape, for particle applications
- Australian/New Zealand standards - AS/NZS 1716:2012

Description	SKU	Variant	MOQ/PkQty	Height	Width	Length	Weight	Bar Code
AgBoss Respirator Disposable P2	107510	10pk without valve	1/ NA	0.17m	0.13m	0.14m	0.02kg	0793573592293

AgBoss Respirator | Disposable | P2

The AgBoss P2 Cup Valved Face Mask filters out the fine particles in the air when worn correctly. They form a tight seal around the face and reduce the exposure to smoke/poor air quality and associated poor health effects. The exhalation valve offers comfortable breathing, especially under hot or humid conditions. This mask is suited for agriculture, farming, food processing, cement textile, gardening, dust, smoke, fumes, blasting, grinding & sanding to name a few.

- Adjustable mouldable nose clip and internal nose bridge
- Large filtering surface area provides low breathing resistance
- Soft non latex straps minimise irritation, for particle applications
- Traditional cup shape with one way exhalation valve that minimises moisture and heat build up
- Australian/New Zealand standards - AS/NZS 1716:2012

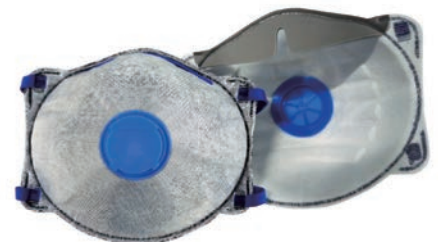

Description	SKU	Variant	MOQ/PkQty	Height	Width	Length	Weight	Bar Code

Talon Ant Killer Gel | 5g

Introducing NEW Talon Ant Killer Gel – is a highly palatable gel that reduces ant activity within 48 hours. Ants are immediately attracted to the gel, which is then transferred (by the ants) to the brood and queen of the nest, ensuring effective ongoing control.

- Kills queen and ants in nest
- Clear, non staining, odourless gel
- For indoor and outdoor use
- Low toxicity to user
- Easy to use syringe

Description	SKU	Variant	MOQ/PkQty	Height	Width	Length	Weight	Bar Code

Talon Cockroach Killer Gel | 5g

Talon Cockroach Killer Gel is an innovative gel that not only kills the cockroaches that directly come into contact with the gel but also spreads through the population delivering complete cockroach control.

- Fast, thorough control of a wide spectrum of cockroaches
- Unique release technology that spreads through the population
- Gel is easy to apply and stays where it is placed
- Easy to use syringe

AgBoss AROUND THE HOME

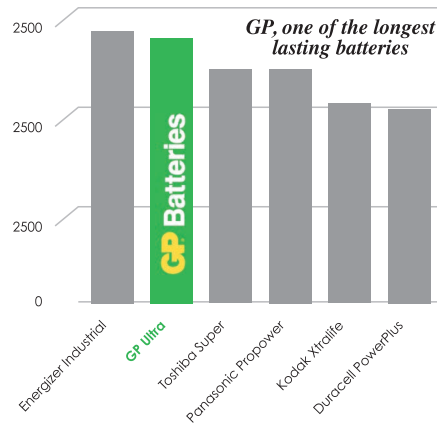

GP Batteries QUALITY

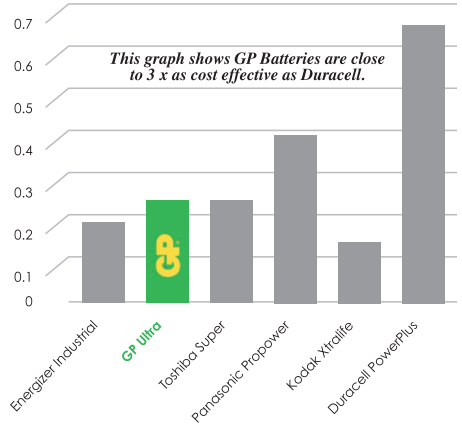

GP, Europe's best kept secret, achieving high quality & performance by utilizing the world's most highly automated battery manufacturing facility to develop & produce their battery range. As can be seen from the studies below by Battery Showdown & BitBox show that GP batteries more than hold their own against other well-known brands, beating the direct competition in Duracell and Energizer.

mAh for Batteries at 1,000 Ah Draw

Cost (Global Ave GDP) per mAh

Branding & Who is GP?

All batteries are sold with the most up to date packaging, counter display and branding options available. We can also provide POS material for any of the products supplied.

Without exception the range that is offered by AgBoss/GP has been carefully chosen to best suit the rural & hardware merchandise sectors. Not only does GP provide a comprehensive range, their packaging, bulk & singular options and POS material is an offering that will complement your store. The carefully selected range will assist in your sell through rates, provide an increased financial benefit and stock turn rate applicable to your store.

Supply & Service

As the exclusive distributor for GP in this market, AgBoss is committed to keeping higher stock quantities, coupled with our great customer service, we are 100% confident that we can support your store.

AgBoss Can't Tip Trough, 25 litre

This specially designed trough is sturdy and tough with thick, moulded sides. The volume of 25 litres is sufficient to hold hay, salt licks and supplements. Feed stays dry and off the ground while still allowing the horse to eat in a natural position. The trough floor is on the ground reducing the risk of injury. The Can't Tip trough cannot be picked up and thrown around nor can it be tipped over.

- Will contain one biscuit of a small lucerne hay bale
- Can be used for water (25 litre volume)
- Lightweight, easy to carry, easy to hose
- Stackable for storing or travelling

AgBoss GUARANTEE & CHARITY

OUR PRODUCT GUARANTEE

At AgBoss we make great products. Living and working in the harsh environment means that products need to be durable, so we design our products with reliability in mind.

In fact, we are so confident about our superior products, that every AgBoss manufactured product that is purchased by you from an Authorised AgBoss Dealer, throughout Australia, is covered by a lifetime guarantee.

AgBoss will replace any product over its lifetime that shows a manufacturing defect, with the same or an equivalent product provided it is returned with proof of purchase.

All you will pay is the return freight.

See Website for our terms & conditions.

Visit: www.agboss.com.au

AGBOSS CHARITY WORK

Many of our customers would already be aware that we lost our son and company employee Ricky Jensen to leukemia in July 2010. Ricky was a fit and healthy young man, when struck down by this awful disease.

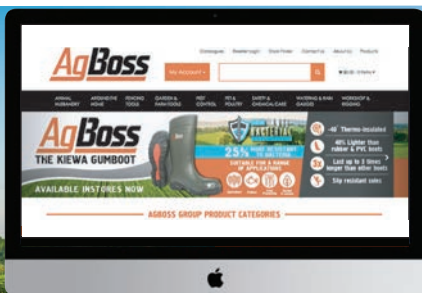

After receiving much support and help from various organisations during Ricky's 10 month battle with cancer. As a company we have chosen to support these wonderful charities, including the Leukemia Foundation, Cancer Council NSW & Relay for Life.

We are most grateful to our customers who have donated to this cause and we will continue to make this a focal part of our journey going forward.
